Hissing Noise While Turning Steering Wheel

TECH-ASSIST
04/14/2017 | 10:56:33

There is a hissing noise while turning the steering wheel. It stops if the brakes are lightly applied.

Mileage	Symptoms	Test Performed
None Indicated	Hissing Noise	None Indicated
Systems	DTC Codes	Keywords
Brakes and Traction Control	None Indicated	None Indicated

---------------------------	---

After replacing the High Pressure hose to the Hydroboost unit, the noise persists.
Replaced the Hydroboost unit, now the noise is gone.
