SHARE:

Radiator Coolant Hose

**Application Summary:** Dodge 2013, Ram 2014-13

**Application Notes:**

Inlet; L6 408 6.7L

## Product Description

Radiator coolant hoses often fail because of brittle plastic connectors. This Dorman OE FIX replacement hose features aluminum connectors to increase durability and reduce the potential of future leaks.

- Upgraded materials - this replacement radiator coolant hose features aluminum connectors for added durability
- Application specific - made to directly replace the radiator inlet hose on specific Dodge Ram trucks from 2013 and 2014
- Durable design - built to resist corrosion and coolant leaks for reliable performance

- Quality engineering - designed in the United States and backed by decades of automotive aftermarket experience
