IMPORTANT EMISSIONS RECALL

Particulate Matter Sensor

Dear [Name],

We are recommending the following improvements be performed on certain [2021 – 2022 Model Year (DJ) Ram 2500 Pickup (D2) Ram 3500 Pickup (DD) Ram 3500 Cab Chassis and (DP) Ram 4500/500 Cab Chassis] trucks equipped with a 6.7L Cummins Diesel engine.

WHY DOES MY VEHICLE NEED REPAIRS?

The Particulate Matter Sensor and Module on your vehicle ^[1] may not have been installed during the manufacturing process which was in accordance with the Memorandum of Understanding from the California Air Resource Board.

HOW DO I RESOLVE THIS IMPORTANT EMISSIONS ISSUE?

FCA will repair your vehicle free of charge (parts and labor). To do this, your dealer will inspect and if necessary, install the Particulate Matter (PM) sensor and module, reprogram the Powertrain Control Module (PCM) and attach an authorized modifications label. The Diesel Particulate Filter will be covered for a 12-month warranty period with unlimited mileage from the time of the PM sensor installation. The estimated repair time is about 1 hour. In addition, your dealer will require your vehicle for proper check-in, preparation, and check-out during your visit, which require more time. Your time is important to us, so we recommend that you schedule a service appointment to minimize your inconvenience. Please bring this letter with you to your dealership.

**TO SCHEDULE YOUR FREE REPAIR,
CALL YOUR CHRYSLER, DODGE, JEEP OR RAM DEALER TODAY**

CALIFORNIA RESIDENTS

The State of California requires the completion of this emission recall repair prior to vehicle registration renewal. Your dealer will provide you with a Vehicle Emission Recall Proof of Correction Form after the Emission Recall service is performed. Be sure to save this form since the California Department of Motor Vehicles may require that you supply it as proof that the Emission Recall has been performed.

In order to ensure your full protection under the emissions warranty provisions, it is recommended that you have your vehicle serviced as soon as possible. Failure to do so could be determined as lack of proper maintenance of your vehicle.

WHAT IF I ALREADY PAID TO HAVE THIS REPAIR COMPLETED?

If you have already experienced this specific condition and have paid to have it repaired, you may visit www.fcarecallreimbursement.com to submit your reimbursement request online. ^[2] Once we receive and verify the required documents, reimbursement will be sent to you within 60 days. If you have had previous repairs performed and/or already received reimbursement, you may still need to have the recall repair performed.

We apologize for any inconvenience, but are sincerely concerned about your satisfaction. Thank you for your attention to this important matter.
